Solved 200+ Leetcode Problems [Leetcode Profile](#)

EDUCATION

BSc (Hons) Computer Science [Transcript](#)
University Of Plymouth | NSBM Green University

Expected Graduation : April 2025

GCE Advanced Level in Biology [Results Sheet](#)
BT/ St. Michael's College

PROJECTS

Developed a University Accommodation Finder utilizing **HTML, CSS, JavaScript, PHP, MySQL, and Map API integration**. Facilitated property listing, browsing, and reservation for landlords, wardens, and students. My responsibilities included both Front-End and Back-End implementation, alongside establishing the database connection.

[View project](#) [GitHub link](#)

Developed a Banking application with ATM & CDM using **Java and MySQL**. My responsibilities included front-end development, establishing a SQL database connection, and developing essential backend functionalities.

[View project](#) [GitHub link](#)

Designed and developed a library management system using **C# and .NET framework** to the needs of the University library as a desktop application as part of the OOP with C# module. My role included designing 35+ user interfaces using C# WinForms and implementing an efficient **MySQL** database schema and developing essential backend functionalities.
